

**Song: SEEK HIS GLORY By House of Jacob Choir**

We all gotta get right and  
We all gotta keep fighting  
We all gotta keep striving  
To the Glory of The LORD  
Long is this

Long is this night and  
His ways they are light and  
The righteous shall rise in  
To the Glory of the LORD

So this we speak  
To HIM we seek  
Until HIS peace...

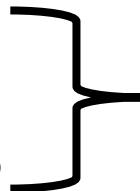

2X

In the glory of the LORD

Though our hearts be brittle and broken  
The covenant the Blood HE shed the Token  
In sundry times to us in past have spoken  
And if we do HIS will we shall be chosen.

But we gotta keep fighting  
And we gotta keep striving (For What?)  
For the Glory of the LORD

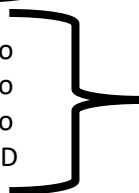

So this we speak  
To HIM we seek  
Until HIS peace...

2X

In the glory of the LORD

Don't Seek your own No No  
Don't Seek your own No No  
Don't Seek your own No No  
Seek The Glory of THE LORD

2X

Envision,  
Walking those Streets of GOLD  
No longer suffering the curses of your people being bought and sold.  
No more nooses around your neck taking hold  
No longer worrying about your brother your same color afflicting you leaving your body cold  
But instead, your children playing in the streets.  
No longer concerned about any harm they'll meet  
Because the whole earth is at peace (Isaiah verse 7 chapter 14)  
But to get it, we have to understand what we must seek
